**LOCKED BUDGET PLAN FOR 2010-2011 HEATING SEASON**

Dear: Budget Customer,

It is that time of year when we try and stabilize your heating costs by letting you choose a 12, 11, or 10 month budget plan. This years budget plans are calculated on a price per gallon of \$2.97.9 for heating oil. **This is a LOCKED price, which means the price per gallon of oil will not go up or down during the heating season September 1, 2010 to June 17, 2011, therefore keeping your budget payments the same each month.**

12 Month Plan starts July 1,2010, 11 Month plan starts August 1, 2010  
10 Month plan starts September 1, 2010. All Plans end on June 17, 2011

We are also offering **Downside Protection at .32 Cents per gallon.** Which allows your Budget Price to come down if our everyday delivery price is less than your Budget Price. The Downside Protection must be paid at the signing of the agreement and is **NON REFUNDALBE**

If you have a credit balance on June 17, 2011 you may use it towards next years budget or receive a refund.

**All Budget customers must stay on automatic delivery until June 17, 2011 to receive their credit balance refund. There is a.50 cent per gallon penalty on all budgeted gallons for early cancellation before June 17, 2011. If automatic delivery is to be canceled after June 17, 2011 you must notify Fogel's Fuel Service LLC**

If on June 17, 2011 there is a debit balance it is to be paid in full by June 30<sup>th</sup> 2011.

**I have read and understand the above budget program and wish to participate**

**THE SIGNED & FILLED OUT BOTTOM PORTION OF THIS LETTER MUST BE FILLED OUT AND RETURNED IN ORDER TO RECEIVE YOUR BUDGET BOOKLET**
