LOCKED BUDGET PLAN FOR 2011-2012 HEATING SEASON

It is that time of year when we try and stabilize your heating costs by letting you choose a 12, 11, or 10 month budget plan. This years budget plans are calculated on a price per gallon of **\$3.74.9** for heating oil. **This is a LOCKED price, which means the price per gallon of oil will not go up or down during the heating season September 1, 2011 to June 15, 2012. Therefore, keeping your budget payments the same each month.**

12 Month Plan starts July 1, 2011, 11 Month plan starts August 1, 2011
10 Month plan starts September 1, 2011. All Plans end on June 15, 2012

We are also offering **Downside Protection at .35 Cents per gallon**, which allows your Budget Price to come down if our everyday delivery price is less than your Budget Price. The Downside Protection must be paid at the signing of the agreement and is **NON REFUNDABLE**. You may purchase Downside Protection by cash, check or credit card.

If you have a credit balance on June 15, 2012 you may use it towards next years budget or receive a refund.
All Budget customers must stay on automatic delivery until June 15, 2012 to receive their credit balance refund. There is a.50 cent per gallon penalty on all budgeted gallons for early cancellation before June 15, 2012. If automatic delivery is to be canceled after June 15, 2012 you must notify Fogel's Fuel Service LLC

If on June 15, 2012 there is a debit balance it is to be paid in full by June 30th 2012.

I have read and understand the above budget program and wish to participate

THE SIGNED & FILLED OUT BOTTOM PORTION OF THIS LETTER MUST BE FILLED OUT AND RETURNED IN ORDER TO RECEIVE YOUR BUDGET BOOKLET
